Home Emergency Insurance provides insurance to cover for certain types of home emergencies as detailed in this document, your policy wording and your insurance schedule.

What is insured?

We'll help you in the event of the following Home Emergencies:

 - Means that internal flood or water damage is a likely consequence;

 - Causes blocked external drains that are only your responsibility and within the boundary of the home, where this can be resolved by jetting or rodding.
- ✓ **Internal Electricity:** Emergency repairs following the electricity failure of at least one complete circuit which cannot be resolved by resetting the fusebox and would not be better resolved by the regional network supplier.
- ✓ **Gas Supply:** After the National Gas Emergency Service has visited your home, and isolated your gas supply, emergency repairs will be carried out by a Gas Safe contractor, who will repair or replace the damaged section of internal gas supply pipe.

What are my obligations?

- You must tell us about a claim as soon as possible once you become aware of the emergency – any claims notified to us more than 48 hours after the emergency will not be covered.
- You must take care to maintain the home and its equipment in good order and take all necessary precautions to prevent loss, damage, or unnecessary costs.
